JULY 1998 - 32 years in Mexico

PICTURES for your summer viewing :

A picture can tell more than a thousand words. Can you imagine the thoughts of the Mexican girl above? Is she thinking of her mother and her brothers and sisters that live without a place to call home? Is she longing for them to join her at the children's home where she now receives three meals a day, opportunity to attend school, a secure place to live and Christian love from adults? We don't know her thoughts but perhaps when you look at her eyes you may get a feeling that you want to help someone.

The picture below is of three smiling girls dressed up for a show. Children come to the homes with different background stories. Perhaps one girl came because her parents were alcoholics and living on the street, perhaps another was left at the home by a single mother of eight who could not support them, or perhaps one is there because her parents are in jail. Regardless of what their sad histories may have been, they are happy now in a home supported by you, living as "sisters" with a bright future. Can you see the "Thank you" in their smiles?.

The second picture below is about the opportunity you have given to Mexican adults to teach children about God and His promises. Perhaps the little boy asked, "Teach me how to Pray." and his teacher said, "Fold you hands, close you eyes, and just talk to God. He is your friend and will give you what you need every day and keep you safe from danger!" You who give prayers and money for these children are missionaries for God! Please reflect on the rest of the pictures in this newsletter and have a great Summer!Tor

As a nonprofit, interdenominational organization, it is our goal to respond to the needs of the under privileged children of the world. It is our belief that these needs must be met at all levels in a child's life - the physical, the mental, the spiritual. When put into ACTION, this means providing food, shelter and clothing to meet the children's physical needs, providing educational opportunities to enrich and enhance the mental capacities of the children, and providing opportunity for worship thus encouraging spiritual growth.
