Introducing Two of the Newest Children at The Shelter

Angel

Abraham

These two brothers recently arrived at The Shelter in Monterrey. This Children's Home cares for over 40 children, with volunteer tutors, psychologists, and medical staff overseeing the children. Martha, the very loving houseparent, sent these pictures and a short description of each boy.

Angel is 5 years old and in preschool. He is a beautiful, intelligent boy, and very quiet. His favorite thing to do is play with his brother. He likes to play dinosaurs, his favorite color is orange, and he especially likes to eat bananas.

Abraham is 3 years, can be very restless and sometimes irritable, but is very affectionate and loves his brother Angel very much. He can be very funny and makes the children laugh. He has just started preschool, and he likes to play with cars, and enjoys eating soup.

We received a note of thanks from one of the young women living at Casa Mano in Monterrey. Her goal is to work with children with special needs.

My name is Loami Yarite Gomez Lopez, I am 17 years old. I am originally from the city of Matamoros Tamaulipas, although currently my entire family resides in the city of Piedras Negras Coahuila because my father is a pastor and is in charge of a church in that city.

I am studying for a degree in Special Education. I decided on this focus because since childhood I liked working with children, but I wanted to go a little further and prepare to work with children with different capacities and to provide support. They need to have a better quality of life.

*The admission to MANO House has helped me in many respects, not only to have a place to live while I focus on my schooling, but in other aspects of my life. I have learned to be more responsible; I have been able to know God more deeply; and I have further developed the passion to help others without receiving anything in return (service). I have also learned to be more organized and to better manage my resources. **Thank you very much for helping me reach my goal to help others.***

These images show my work as a practitioner in public schools at preschool and primary levels
